Dear Brett:

I enjoyed hearing from you and knowing of your interest in being a veterinarian.

I would be very happy to have you visit me at the Hospital when you are in the Zoo, however, you must understand that many times we are extremely busy and I would not be able to spend a great deal of time with you.

Nevertheless, I am sure that we could arrange to show you our Hospital facilities and if we are working on some interesting cases at the time would be happy to have you observe what we are doing.

Please let me know several days in advance when you are planning to be at the Zoo so that I can plan my schedule accordingly.

Most sincerely,

CPG/MC

Dear Dr. Gandal:

I am ten years old, and I want to be a veterinarian when I grow up.

We are members of the zoological Society, and spend a lot of time at the Bronx zoo.

I wonder if it would be possible for me to visit you at the zoo some day while you are examining and taking care of the animals?

Sincerely,
Brett Sharenow
